# The Definitive Web3 Address for Taxi & Dispatch

As mobility evolves toward verified identity, programmable payments, and reputation rails, the bridge between real-world rides and blockchain settlement needs a singular, authoritative address. .com was for information; w3.taxi is for dispatch and settlement.

## Category thesis

Dispatch + identity + settlement rails for regulated mobility.

## High-value use cases

- Verified driver identity
- Instant settlement
- Fleet memberships
- On-chain reputation
- Dispatch marketplace
- Compliance tooling

## Ideal acquirer profile

- Mobility platforms and ride networks expanding into verification rails
